

## LOCAL MATTERS.

**The Weather Probabilities, Sept. 1, 1891.**—For the Middle Atlantic States fair weather, northerly winds, becoming variable, lower barometer and slightly higher temperature.

**A WHITE WASHINGTONIAN AND A BLACK ALEXANDRIAN.**—On Saturday afternoon last a negro man named George Hall was arrested for stealing a package out of a Fairfax county wagon, standing at the upper end of Prince street, and taken before Justice Thompson, who sentenced him to receive thirty-nine lashes. The sentence was promptly executed at the station house, making five times Hall, who is a crafty and sly thief, has been whipped for stealing within the past three months. One whipping is enough for an ordinary negro, but Hall, whose back is terribly lacerated, takes the lashes with a stoical indifference. His never-diminishing guilt, makes any excuse for his repeated thefts, or offers the slightest objection to being whipped. The last time Hall was whipped was for stealing a basket of corn from Wm. Gray, colored.

Two young men arrived here from Washington in a sail boat about 9 o'clock yesterday morning. Landing at Queen street dock, they went up Union street to the corner of Cameron, where they espied a handsome game rooster, belonging to Mr. James Victor Smart. One of the men took a fancy to the rooster and was attempting to capture it when Mr. Walter Lingley made his appearance, and told him to let the chicken alone, which he refused to do, and continued to run after it, saying it was his. Officer Arnold, who was sent for, after a chase, arrested the man near Fishmarket. He afterwards arrested his companion on north Fairfax street, near the W. & O. R. depot. Both men were locked up in the station house, where they stated they were brothers, and gave their names as John and Thomas Ryan. At the examination of the two men, in the afternoon, before the Mayor, it was shown that John Ryan had acknowledged to the officer that he tried to capture the rooster, and that he would have carried it off had he caught it. John himself, however, stoutly denied any intention of stealing the chicken. He only wanted to examine it, as it looked very much like his chicken. Thomas Ryan stated to the officer that he advised John not to steal the chicken, but to buy it. After hearing the evidence, the Mayor refused to entertain any compromise, but sentenced John Ryan to receive fifteen lashes. Thomas Ryan was dismissed. John Ryan maintained his innocence, but the sentence was executed, after which the two men left immediately for their homes. The Washington Post of the same date says:

"Inquiries in this city developed the fact that the man named Ryan was probably John Ryan, a tinner, about twenty years of age, residing with his father, Patrick Ryan, who works in the parks and with his son occupies the house 1221 Third street, northeast. The other appears to have been a relative, living on Second street, between I and K streets, northeast. He is a married man, but only a few years older than John. Neither could be seen last night, but it seems that they were away all day, and it was thought by their neighbors, on the river in a sail boat. The proceedings of the Alexandria authorities was considered a very extraordinary one by a number of the parties and others who had knowledge of the occurrence."

**YESTERDAY'S RELIGIOUS TRENDS.**—The weather yesterday was very pleasant, and all the churches opened had good congregations. In many of the churches prayers were offered for the recovery of President Garfield. In Christ Church Rev. Dr. Walker presided in the morning, the pastor, Rev. Mr. Suiter, assisting in the service, and Rev. Dr. Jones presided in the evening. In the First Presbyterian Church Rev. Mr. Wright, of Washington, preached in the morning. Rev. Mr. Davidson, being absent from the city, there were no services in the Second Presbyterian Church, and Rev. Mr. Broadway being sick with malaria fever, there were no services in the M. E. Church. The pulpits of the other churches were filled by the resident clergy.

In the M. E. Church, Rev. Dr. Paulsen, in the morning, conducted the service, and in the evening, the subject of being "Growned in Grace." A large congregation was present, and the discourse was an interesting one. Next Sunday will be observed as "Temperance Day" in the M. E. Church. An interesting programme of exercises is being arranged for the occasion.

The new Catholic Church at Calverton Court House was dedicated yesterday by Bishop Kane. The choir of St. Mary's Church and others from this city attended.

The Gospel temperance meeting in the hall of the Reform Club yesterday afternoon was largely attended. Rev. Dr. Paulsen, of the M. E. Church, will address the Club on Friday night, when a musical and literary programme will be rendered.

Several members of the Free Methodist congregation had an open air meeting at the corner of Fairfax and Wells streets, last night. Messrs. Lloyd, Peveline and others spoke.

Mr. Rev. F. M. Whittle, D. D., will or do to the Pastoral in Christ Church, Friday morning next, at 11 o'clock. Revs. E. H. Wellman and W. W. Knaball.

**THE CANAL AND THE COAL TRADE.**—The non arrival of coal at this port owing to the low water in the canal, made things very dull around the wharves here last week. Neither the American or the Hampshire and Baltimore coal companies, or Messrs. J. P. Anson & Co., received any coal from Cumberland and the American coal company was the only shipper—700 tons. The rain at Cumberland during the latter part of the week, while raising the water in the river 15 inches, did not sufficiently raise the water in the canal to permit of the loading of boats at that port. Boats, however, which were detained at the low water points along the canal during the dry weather were flushed over last week, and are expected to commence arriving here to-morrow. There are two barkentines, and several schooners at this port waiting to receive cargoes of coal. A letter received here this morning by Mr. John H. Parrott, jr., states that there has been a little more rain at Cumberland, with indications of heavy rain above that place, which is expected to benefit the canal.

**PERSONAL.**—Mr. Mercer Slaughter, General Ticket Agent of the Virginia Midland Railway Company, left here Saturday night for St. Louis, to attend the national convention of general ticket and passenger agents, which meets in that city to-morrow.

Mr. Charles D. Sumner returned Saturday last from Warrenton, where he has been spending a portion of the holiday time.

Mr. George Washington is confined to his residence, on south Lee street, by illness.

F. A. Reed, esq., Grand Captain General of Knights Templar of Virginia, who will have command of the Knights Templar at the Yorktown Centennial, returned Saturday night from Fredericksburg, where he had been on business connected with the celebration.

**ATTEMPT TO HANG HIMSELF.**—Alphonsus Arrington, who was arrested to day for being drunk and disorderly on the streets, and locked up in the station house, attempted this afternoon to hang himself in his cell. Officer John Lawler having occasion to go into the corridor of the station house discovered Arrington hanging by his suspenders from his cell door in an almost unconscious condition. Upon being cut down by the officer Arrington soon revived. This is the second case of suicide officer Lawler has prevented, the last one being the negro Dudley, who was in the station house awaiting a whipping for petit larceny.

## LOCAL BREVITIES.

The Loudoun Fair commences to-morrow. One swallow does not make a summer, but it imports a pleasant warmth.

Early to bed and early to rise is good for the sleeper, but rough on the flies.

The U. S. buoy tender Holly, which put into the dock of Mr. Wm. A. Snoot Saturday for coal, left this morning for the lower river.

Mr. J. W. Dyer has, on his boat, at the foot of King street, a supply of fine trout and minnows, which he is disposing of rapidly.

Men learn some things by experience, but late in years they will sometimes forget themselves and waste force by striking at a fly.

Potatoes promise to be so high next winter that we may expect to see them used for trimming ladies' bonnets.

A large number of our loads of live stock passed through here Saturday night over the Virginia Midland Railway, for Baltimore.

Mr. S. R. Corbett, the Mahone roadmaster candidate for the House of Delegates, says under no circumstances will he withdraw from the contest.

Capt. James Christie is dangerously ill at his residence, on Duke street, near Lee, with swamp fever, which he contracted while running a steam tug boat in North Carolina.

An ethereal maiden, named Maui, was suspected of being a fraud. Scarce a crumb was she able to eat at the table.

But out to the pantry—oh Lawd! A clerk in a city house recently asked for a half day's absence, because he wanted to attend a funeral in the country. When he returned the next morning with red hands and a troubled face, his employer asked quietly, "Where was the lady?"

Trade between this city and the Maryland shore is now being carried on by means of small row boats, the steamer Virginia, to the great inconvenience of the Maryland people, having been withdrawn from the route. Yesterday opposition lines were carrying passengers free, and many, who otherwise would not, took a ride in the hot sun.

The market opens quiet and a shade easier. Flour is steady at quotations. The receipts of wheat are only fair, and 1700 bushels sold at 119, 114, 112 and 111 for Fall, and 116 and 117 for Lancaster. 100 bushels of white Corn sold at 95, and 600 bushels of yellow and mixed were withdrawn. No Rye was offered, and one lot of Oats were withdrawn. Country produce continues scarce and wanted at quotations.

## PORT OF ALEXANDRIA.

## FERTILIZERS.

**B. J. BURGESS & CO.,**  
MANUFACTURERS OF  
**FERTILIZERS**  
ALEXANDRIA, VIRGINIA.

We are now prepared to supply the trade with any brand of Fertilizer desired. We have been engaged in the manufacture of Fertilizers for some time past, and we claim that our facilities for making a cheap and excellent Fertilizer are unsurpassed. We have Works on the Chesapeake Bay, where we catch the fish from which we get the ammonia, making the fish scrap cost us less than if we were compelled to go on the market and buy it. The analysis and proper mechanical condition of every ton of our Fertilizer is excellent, it being perfectly dry and fine. Pure Fish and Bone are our basis, and we are confident that nothing can be more permanent to the soil. We assert, upon reports received all over the country, that Farmers have never been better pleased with a Fertilizer than with ours. We make special brands of Fertilizers for Corn, Wheat, Tobacco and Cotton, and sell all of our goods at the lowest prices. We also sell the Pure Fish and Bone alone when parties desire it. We have a reputation on our goods, and intend to retain it; therefore, shall allow nothing to go from our doors but that which we know to be excellent.

**THOMAS PERRY**  
aug-25-dlw&wlm
